Wairakei Golf + Sanctuary Vaccination Policy 2022

All players, vaccinated and unvaccinated, are welcome to experience golf at Wairakei.

A vaccine pass will be required to enter any building on the premises. This includes Clubhouse café/bar/deck, Pro shop, Cart Shed and the bathroom facilities connected to these buildings. **Please have your vaccine pass ready and wait to be verified outside the Pro shop at the check in kiosk.**

Unvaccinated players will be served from the check in kiosk outside the Pro shop. Temporary bathrooms will be available near the Pro shop.

Bookings are open to all, it is important to note that players can be joined with players of differing vaccination status.

The policy will be reviewed and possibly amended if needed.

We will endeavour to make the check in/entry process as efficient as possible, however patience and understanding will be required.
